Benefits Of Our house cleaning in Portland ME

One thing that the majority of people would say they don't have enough of is time, our time is taken from us via work, family, shopping, and other household chores, leaving us with very little free time to unwind or enjoy ourselves. However, at Pristine House Cleaning in Portland ME, we provide professional, reliable, and affordable house cleaning services that can free up a regular chunk of time in your life and finally give you the chance to relax. What could be better than coming home from work to a clean home knowing you have one less thing to do that evening.

1. Recurring House Cleaning

With life being busier than ever, it's really easy to fall behind on the regular cleaning of your home as you just don't have enough time or energy. This is only made worse if you have a large family and the cleaning is nearly impossible to keep up with. In a world that doesn't let you slow down, put your feet up and relax as you no longer have to invest so much time or energy into cleaning when you hire our professional recurring house cleaning services!

2. Deep House Cleaning

As much as you may be able to do your home cleaning here and there, mess and dirt still sneakily build up over time. Before you know it, a few months have passed and your home needs a good deep cleaning but you don't know how to fit it into your day. With our deep house cleaning, we take that stress from you as we tackle the job ourselves.

3. Move In & Move Out House Cleaning

For landlords, having a home that needs cleaning before the new tenants move in can be a nightmare. And for tenants, moving out and not having enough time to clean the home before you go yet still needing your security deposit back can be equally as stressful. Our move-in/ move-out cleaning service is the perfect solution for all your cleaning needs!

Do I need to be home for every cleaning service?

No, you don't need to be home for the cleaning, so if you wish to hire our services but are struggling to find spare time in your day, don't worry, as this is not an issue. Of course, if you are home or prefer it, we will accommodate whatever suits you best. We strive to make the scheduling process as easy as we can for you.

Are you licensed and insured?

Yes, we are fully licensed and insured to do this type of work so this is one aspect that you don't have to worry about. Often, companies will try to cut corners and save money by not taking out insurance, but for us, it's more important that both our crew and you are protected when we do our work.

How often is house cleaning needed?

This is largely dependent on your preferences and needs. For example, some people may be able to stay on top of the day to day cleaning but need a deep clean of their home a few times per year, and others may struggle with the daily cleaning due to other commitments and therefore, prefer the more frequent recurring house cleaning - the choice is entirely up to you!

How do you price house cleaning?

We price our house cleaning based on several factors including which service you require and the size of the home or property. Due to this, we are not able to set a specific price listed here, but after you get in touch with us, the first thing we will do is put together a free quote personalized to your cleaning needs so you can see the final price upfront!
